Innovative Counseling Partners, PLLC has established a schedule(s) of sliding fee scale discounts based on Figure 1 above.

The sliding fee scale discounts can range from 10% to 100% off of the charges for the date of service. If the patient is able to demonstrate that total household size and income results in a 100% discount. If the client is verifiably homeless, presently a resident of a homeless shelter, transitional, doubling up or truly living on the street, then they are not required to pay for services at our locations.

You are encouraged to download a copy of the sliding fee application and complete to the best of your ability, bring the form with you along with your proof of income and household size. A therapist will be happy to assist you in determining if you are eligible for a discount. The sliding fee application is used to determine eligibility for the slide scale and to assess the level of discount assigned to the patient.
